# Public Consultation and Community Involvement in Planning

A twenty-first century guide

**Penny Norton** (Consult Online) and **Martin Hughes** (Polity)

Public Consultation and Community Involvement in Planning is the definitive introduction to public consultation for developers, students and planners. The past decade has seen a complete transformation in consultation and community relations in the UK, from increased requirements to consult, to the introduction of Neighbourhood Planning and a revolution in online communication. Property Consultation and Community Engagement takes readers through consultation from the basics right through to emerging trends to demonstrate how a successful consultation process can benefit both the developers and the local community.

The book begins with a definition of consultation and community engagement and an explanation of their role within the development process, before going on to clarify the legal, ethical, practical and ideological concerns to be addressed by the consultation process. Consultation strategy is explored step by step and social media and online consultation is explored in detail. This is the first comprehensive guide to modern public consultation within the UK development sector and will be essential reading for developers, students and planners.
